Connecticut MCO Preferred Provider Network
for Policyholders of A.I.M. Mutual Insurance Companies

In the state of Connecticut, A.I.M. Mutual has partnered with CorVel to provide a Managed Care Organization (MCO) for policyholders. In fact, CorVel's MCO is one of the largest in Connecticut, with over 5,000 participating medical providers in its preferred provider network. Through the network, injured workers have access to 28 different medical specialties.

To apply, employers simply fill out an Employer Participation Form or CorVel will complete it on the employer's behalf. A CorVel representative will then be responsible for the state filing.

Frequently Asked Questions

1. **What is a Medical Care Plan?**

   A Medical Care Plan is a managed care approach to work-related illness or injuries, approved by the Connecticut Workers' Compensation Commission. Under this Plan, treatment must be obtained from a provider in the approved Preferred Provider Network in order for the injured employee's benefits not to be in jeopardy.

2. **What is a Preferred Provider Network?**

   Each Managed Care Organization must file a Preferred Provider Network with the state of Connecticut. In order to ensure ample provider coverage for injured workers, each Managed Care Organization must abide by strict standards in order for the state of Connecticut to approve specific specialties to be included in its Preferred Providers Network.

3. **Is there an application fee?**

   No.

4. **What is needed to implement a Medical Care Plan?**

   Per the Connecticut Workers' Compensation Commission, each employer who has twenty-five or more employees per work site, as well as each employer who has twenty-four or fewer employees in Connecticut and whose rate of work related injury and illness exceeds the average incidence rate, shall establish and administer a safety and health committee for that work site. Each committee must have at least 50% labor representation and meet at least quarterly.

5. **What is the process to implement a Medical Care Plan?**

   CorVel submits an Employer Participation form on behalf of the employer to the State of Connecticut's Workers' Compensation Commission for review and approval.

6. How long does it take to receive approval from the State?

The State of Connection has up to 6 months to review and approve an Employer Participation form; however, most approvals are received with 30-90 days from the date of submission.

7. What happens after the State approves an Employer Participation form?

A Welcome package is sent to the employer. The package consists of a copy of the company's Certification of Approval, copies of CorVel's Preferred Provider Network Directory, an announcement of the plan to be posted in a public site easily accessible to all employees and educational materials to be distributed to each employee.

MyMatrixx Pharmacy Program for Injured Workers

As part of our workers' compensation medical management services, we ask injured workers to use a pharmacy program through MyMatrixx. MyMatrixx is a pharmacy benefit management company that is uniquely set up to provide prescription medications for work-related injuries.

Injured employees will be notified by mail about the pharmacy program and how it works shortly after their claim has been approved. They will also receive a prescription identification card; **the card is valid only for prescriptions related to the specific, approved work injury.** Injured employees will be asked to use a MyMatrixx affiliated pharmacy to fill their injury-related prescriptions.

MyMatrixx also offers a mail service program, which employees will find convenient for refilling maintenance (long-term) prescription medications. I'm sure you are familiar with the cost benefits of a mail order prescription program, and we ask that you encourage injured workers to take advantage of this service. Most prescriptions are filled within 48 hours of receipt and mailed directly to the injured employee's home. Injured employees can sign up for the mail service program through MyMatrixx by phone or by mail.

Additional benefits of the program include 24-hour access to a registered pharmacist via a toll-free number and an extensive network of pharmacies to choose from. MyMatrixx offers significant savings of up to 35% over fee schedules and usual and customary charges, and the program will expedite claim processing and payment. Injured employees will incur no out-of-pocket expenses.

Injured workers will receive a condensed list of chain pharmacies in the network on their prescription card information sheet. Most major pharmacies such as CVS, Walgreens and Rite Aid are affiliated with MyMatrixx For a full listing injured workers can go to www.MyMatrixx.com or call MyMatrixx at 1-800-945-5951. While injured employees may use a non-affiliated pharmacy, we strongly recommend they use a pharmacy within the MyMatrixx network and the mail order service to realize the program benefits.

Please call the MyMatrixx Patient Care Contact Center at 1-800-945-5951 with any questions you may have. The toll-free service is available 24 hours a day, seven days a week. As always, thank you for working with us to enhance our claim service.
